

Online quick reference guide to checking a container (Option 1)

1. For ETA's, Export Stack Dates and Import Free Storage Period, go to <http://www.transnet.net/Divisions/Pages/TPT.aspx>
2. To check containers on Navis, go to <http://41.160.4.49:9080/apex/cap.zul> and follow the below 9 steps

Step 1:

Note: Once on the Navis Customer Access Portal, Click "Login"

- Username: customer01
- Password: customer01

If you cannot log in with this password and username, simply change the number at the end of the password and username to the next numerical value: example:

- Username: customer02
- Password: customer02

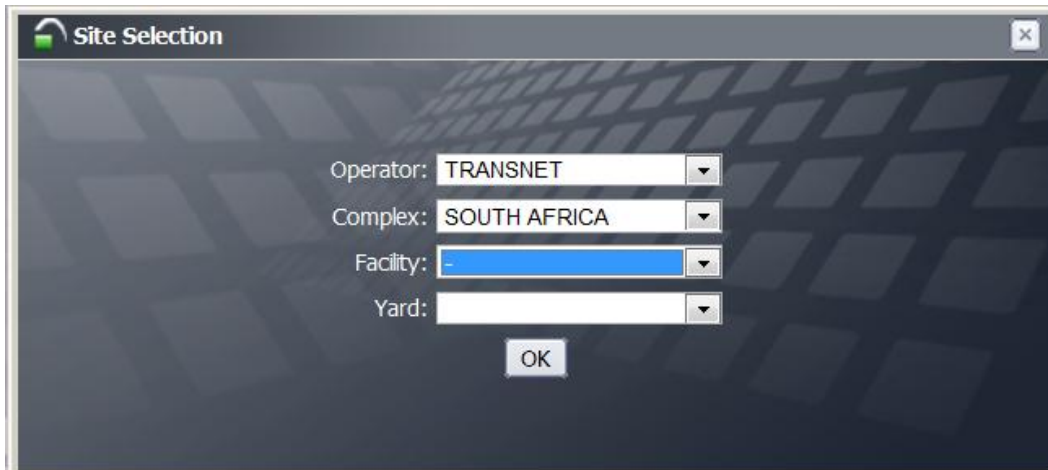

You can go up to "customer10".

Directors

Group Company Secretary

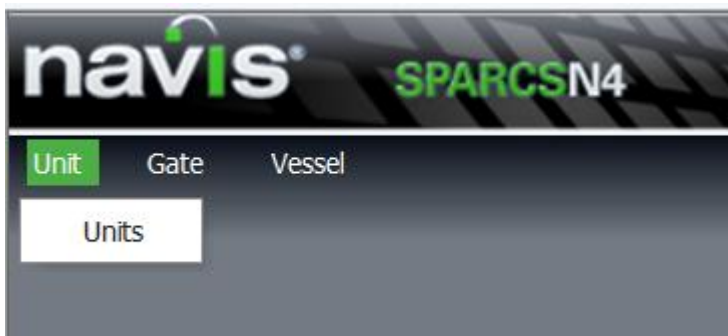

Step 2:

- Select Facility and choose the *dash* - “

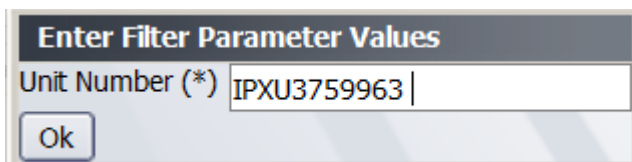

Step 3:

- Select Container from the menu bar, select “UNITS”

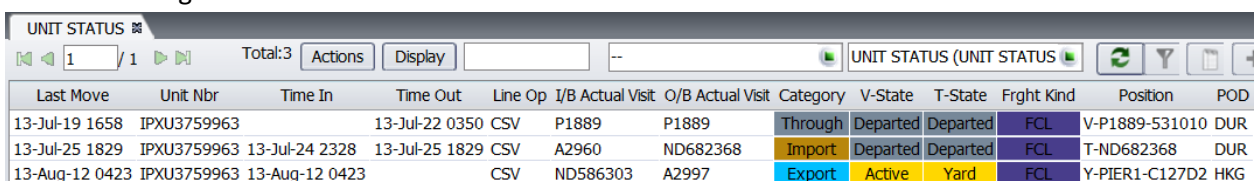

Step 4:

- Enter a container number in the field provided. There should be no space between the prefix and numbers

Step 5:

- The following information becomes available

Last Move	Unit Nbr	Time In	Time Out	Line Op	I/B Actual Visit	O/B Actual Visit	Category	V-State	T-State	Frght Kind	Position	POD
13-Jul-19 1658	IPXU3759963		13-Jul-22 0350	CSV	P1889	P1889	Through	Departed	Departed	FCL	V-P1889-531010	DUR
13-Jul-25 1829	IPXU3759963	13-Jul-24 2328	13-Jul-25 1829	CSV	A2960	ND682368	Import	Departed	Departed	FCL	T-ND682368	DUR
13-Aug-12 0423	IPXU3759963	13-Aug-12 0423		CSV	ND586303	A2997	Export	Active	Yard	FCL	Y-PIER1-C127D2	HKG

Step 6:

➤ For more information, right click anywhere on the title bar e.g. "Time in"

Last Move	Unit Nbr	Time In	Time Out	Line Op	I/B Actual Visit	O/B Actual Visit	Category	V-State	T-State	Frght Kind
-----------	----------	---------	----------	---------	------------------	------------------	----------	---------	---------	------------

Step 7:

➤ The following information becomes available. Tick the required category to add the column

The screenshot shows the Navis SPARCSN interface. A 'UNIT STATUS' window is open, displaying a table with the following data:

Last Move	Unit Nbr	Time In
13-Jul-19 1658	IPXU3759963	
13-Jul-25 1829	IPXU3759963	13-Jul-24 232
13-Aug-12 0423	IPXU3759963	13-Aug-12 04

To the right of the table is a column selection menu with the following items, each with a checkbox:

- Last Move
- Unit Nbr
- Acry Eq Nbr
- Chassis Equip Nbr
- Chassis Eq GradeID
- Type ISO
- Facility
- Time In
- Time Out
- Line Op
- I/B Dclrd Visit
- I/B Actual Visit
- O/B Actual Visit
- O/B Dclrd Visit

Step 8:

➤ To track a new container number, select "UNIT AVAILABILITY" or "UNIT STATUS"

The screenshot shows a software interface with a dropdown menu. The selected item is 'UNIT AVAILABILITY (UNIT AVAILABILITY 65)'. Other visible items include 'UNIT STATUS (UNIT STATUS 65)'. The interface also shows a table with columns: 'POD Reqs Power Sto' and a value '10 DUR'.

Step 9:

➤ Enter the new container number in the field provided and repeat steps
